Manufacturing capabilities

Materials

Food-grade 3003 and 8011 aluminum alloys. Temperature range -40°C to 260°C (500°F). Oven-safe to 260°C; not microwave-safe. 100% recyclable.

OEM / ODM and tooling

Custom shapes, sizes, coatings, logos, and packaging. 300+ existing molds. New mold development (tooling) typically takes 15–20 days.

Quality

Certifications: ISO 9001, ISO 14001, FDA, SGS, BRC, LFGB, and CE. 100% pre-shipment quality inspection. Raw materials are checked for alloy and thickness; production checks cover dimensions, wall thickness, and integrity.

Ordering terms

Minimum order

Standard MOQ is 50,000 pieces per item. Trial orders of 10,000 pieces are available for new customers. Custom designs may require a higher MOQ depending on mold complexity.

Lead time (orders)

Order lead time is 15–30 days. Standard products: 15–20 days after deposit. Custom / OEM products: 25–30 days after mold approval. (Tooling time of 15–20 days is separate from order lead time.)

Trade terms

Prices are quoted FOB Qingdao / Shanghai. Payment: T/T (30% deposit, 70% before shipment), L/C at sight, and Western Union for small orders.
